HOW TO CITE RULES AND RSMo

RULES—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 28, *Missouri Register*, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

Title	Code of State Regulations	Division	Chapter	Rule
1	CSR	10-	1.	010
Department		Agency, Division	General area regulated	Specific area regulated

They are properly cited by using the full citation , i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division within the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

RSMo—The most recent version of the statute containing the section number and the date.

Rules appearing under this heading are filed under the authority granted by section 536.025, RSMo 2000. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety, or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the *Missouri* and the *United States Constitutions*; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons, and findings which support its conclusion that there is an immediate danger to the public health, safety, or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

Rules filed as emergency rules may be effective not less than ten (10) days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the *Missouri Register* as soon as practicable.

All emergency rules must state the period during which they are in effect, and in no case can they be in effect more than one hundred eighty (180) calendar days or thirty (30) legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

**Title 20—DEPARTMENT OF INSURANCE,
FINANCIAL INSTITUTIONS AND PROFESSIONAL
REGISTRATION
Division 2015—Acupuncturist Advisory Committee
Chapter 1—General Rules**

EMERGENCY AMENDMENT

20 CSR 2015-1.030 Fees. The advisory committee is proposing to amend subsection (3)(B).

PURPOSE: The advisory committee is statutorily obligated to enforce and administer the provisions of sections 324.475–324.499, RSMo. Fees collected should be set at a level sufficient, but not excessive, to cover the cost and expense for administering the provisions of sections 324.475–324.499, RSMo. Therefore, the advisory committee is proposing to decrease the practitioner renewal fee for the 2009 fiscal year.

EMERGENCY STATEMENT: This emergency amendment is necessary to preserve a compelling governmental interest requiring an early effective date of the rule by informing the public of a change in the practitioner fee required for the renewal of a license. The advisory committee is proposing to decrease the acupuncturist biennial renewal fee from three hundred dollars (\$300) to two hundred twenty-five dollars (\$225). This emergency amendment is necessary to allow the division to collect the decreased renewal fee. Renewals are due to be mailed out during April 2009 for June 30, 2009, renewals.

The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the Missouri and United States Constitutions. In developing this emergency amendment, the division has determined that the fee decrease is necessary for the 2009 renewal period to prevent funds from exceeding the maximum fund balance thereby resulting in a transfer from the fund to general revenue as set forth in section 324.481, RSMo. Pursuant to section 324.001.1(10), RSMo, "A compelling governmental interest shall be deemed to exist for the purposes of section 536.025, RSMo, for licensure fees to be reduced by emergency rule, if the projected fund balance of any agency assigned to the division of professional registration is reasonably expected to exceed an amount that would require transfer from that fund to general revenue." The division believes this emergency amendment to be fair to all interested parties under the circumstances. This emergency amendment was filed April 9, 2009, effective April 19, 2009, and expires January 27, 2010.

(3) The fees are established as follows:

(B) Acupuncturist Biennial Renewal Fee **\$/300.00/225.00**

Amended: Filed March 15, 2004, effective Sept. 30, 2004. Amended: Filed Feb. 15, 2005, effective Aug. 30, 2005. Moved to 20 CSR 2015-1.030, effective Aug. 28, 2006. Emergency amendment filed April 9, 2009, effective April 19, 2009, expires Jan. 27, 2010.

Therefore, the division is proposing to decrease the renewal fee for occupational therapists and occupational therapy assistants.

EMERGENCY STATEMENT: This emergency amendment is necessary to preserve a compelling governmental interest requiring an early effective date of the rule by informing the public of a change in the renewal fee for occupational therapists and occupational therapy assistants. The division is proposing to decrease the occupational therapy renewal fee from fifty-five dollars (\$55) to twenty-five dollars (\$25), occupational therapy assistant renewal fee from thirty dollars (\$30) to fifteen dollars (\$15), inactive occupational therapists from eighteen dollars (\$18) to ten dollars (\$10), and inactive occupational therapy assistant fee from fifteen dollars (\$15) to ten dollars (\$10). EMERGENCY AMENDMENT

20 CSR 2267-2.020 Fees. The division is proposing to amend subsections (1)(C), (1)(D), (3)(B), and (3)(D).

PURPOSE: The division is statutorily obligated to enforce and administer the provisions of sections 324.520 to 324.526, RSMo. The scope of this emergency amendment is limited to the circum-

stances creating the emergency and complies with the protections extended in the *Missouri and United States Constitutions*. In developing this emergency amendment, the division has determined that the fee decrease is necessary for the 2009 renewal period to prevent funds from exceeding the maximum fund balance thereby resulting in a transfer from the fund to general revenue as set forth in section 324.524, RSMo. Pursuant to section 324.001.1(10), RSMo, "A compelling governmental interest shall be deemed to exist for the purposes of section 536.025, RSMo, for licensure fees to be reduced by emergency rule, if the projected fund balance of any agency assigned to the division of professional registration is reasonably expected to exceed an amount that would require transfer from that fund to general revenue." (B) Renewal for practitioner	/ \$30/\$5

AUTHORITY: section 324.522, RSMo Supp. [2007] 2008. This rule originally filed as 4 CSR 267-2.020. Original rule filed Aug. 15, 2002, effective Feb. 28, 2003. For intervening history, please consult the *Code of State Regulations*. Emergency amendment filed April 7, 2009, effective April 17, 2009, expires Jan. 27, 2010.

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbolology under the heading of the proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety (90)-day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

Boldface text indicates new matter.

[Bracketed text indicates matter being deleted.]

(11) If the claim arises directly from the sale, lease-purchase, exchange, brokerage, or installation of a manufactured or modular home before July 1, 2009, the consumer will not be eligible to file a claim against the Recovery Fund.

(12) Nothing in this chapter shall limit the ability of the program director to inspect a manufactured home or modular unit at any reasonable time.

(13) Notwithstanding the limitations and terms of any home warranty, the program director may, whenever the program director identifies any aspect of an installation that does not conform to the applicable requirements, order the installer who performed the installation to correct nonconformity, or if that installer is no longer licensed, reassign correction to a registered dealer or licensed installer and reimburse the same from the Recovery Fund for the cost of the correction.

Chapter 4—General Administration**

PROPOSED RULE

5 CSR 30-4.030 Audit Policy and Requirements

PURPOSE: This rule establishes a comprehensive policy for public school district and charter school audits. This policy outlines the purposes of audits, the responsibilities various parties have in the audit and the audit review process, relationships in this process, minimum audit requirements, and procedures the Department of Elementary and Secondary Education will follow in resolving any question or problem which may be disclosed by the audit.

PUBLISHER'S NOTE: The secretary of state has determined that the publication of the entire text of the material which is incorporated by reference as a portion of this rule would be unduly cumbersome or expensive. This material as incorporated by reference in this rule shall be maintained by the agency at its headquarters and shall be made available to the public for inspection and copying at no more than the actual cost of reproduction. This note applies only to the reference material. The entire text of the rule is printed here.

(1) For the purpose of this rule, unless the context clearly requires otherwise, the following terms shall mean:

(A) School. Public school district or charter school; and

(B) Board. Public school district board of education or charter school board of directors.

(2) Audits of schools are primarily intended to express an auditor's opinion on the fairness of presentation of the financial statements. Audits also provide an independent review of financial operations, systems of internal control, and compliance with relevant state and federal laws and regulations.

(3) Responsibilities in the audit process are shared by the board, the independent auditor contracted by the board, and the Department of Elementary and Secondary Education (DESE).

(4) The board's responsibilities are as follows:

(A) Each board is responsible for defining an appropriate scope of the audit.

1. At a minimum, the audit must include the school's:

A. General, Special Revenue, Debt Service, and Capital Projects funds;

B. Fiduciary funds;

C. Proprietary funds; and

D. Component units (unless a component unit issues its own audited financial statements).

2. A Single Audit of federal funds expended by the school may be required. State law provides for the acceptance of federal acts and funds and for their necessary administration and supervision. Audit requirements are a part of federal acts and the implementing regulations adopted by the administering federal agencies. The requirements of the Single Audit Act, as amended by *The Single Audit Act Amendments of 1996*, Office of Management and Budget (OMB) Circular A-133, which is incorporated by reference and made a part of this rule as published by the Office of the Federal Register, Office

of Administration and is available by contacting the Office of Administration, Publications Office, Room 2200, New Executive Office Building, Washington, DC 20503, and *Government Auditing Standards*, July 2007 Revision, issued by the Comptroller General of the United States, which is incorporated by reference and made a part of this rule as published by the U.S. Government Accountability Office, 441 G St. NW, Washington, DC 20548, are included in this audit policy. This rule does not incorporate any subsequent amendments or additions. Specific application of these requirements shall be as follows:

A. All schools that expend a total amount of federal awards equal to or in excess of the amount specified in OMB Circular A-133 as the Single Audit threshold or such other amount specified by the federal director of the OMB in any fiscal year shall either have a Single Audit or a program-specific audit made for such fiscal year in accordance with the requirements of *The Single Audit Act Amendments of 1996*, OMB Circular A-133 and the *Government Auditing Standards*; or

B. All schools that expend a total amount of federal awards of less than the amount specified in OMB Circular A-133 as the Single Audit threshold or such other amount specified by the director of the OMB in any fiscal year shall be exempt for such fiscal year from compliance with *The Single Audit Act Amendments of 1996*. However, these schools shall be required to have an audit performed in accordance with *Government Auditing Standards*; and

3. Schools that cease operations are not exempt from the audit requirements. A final audit of the school's activities through the date it ceases operations must be performed and submitted to DESE as otherwise described in this rule;

(B) Each board is responsible for procuring audit services. Audit services should be competitively bid in accordance with district procurement policy.

1. Each board is responsible for selecting an independent auditor who holds a current permit to practice public accounting in the state of Missouri and meets the requirements for continuing professional education and peer review, as defined by the regulations of the Missouri State Board of Accountancy and *Government Auditing Standards*. Subcontractors must also meet these requirements.

2. Auditors performing Single Audits pursuant to OMB Circular A-133 must not be suspended or debarred from doing business with the federal government;

(C) The audit report shall be submitted to DESE by school officials no later than December 31 of each year. If the audit is not received by the deadline, all funds disbursed by DESE to the school may be withheld until the audit is received;

(D) The board is responsible for transmitting one (1) copy of the report; the related management letter, if one is prepared by the independent auditor; and a copy of the board minutes or board resolution, indicating approval of the audit report to DESE and other copies of the audit report as required by federal laws and regulations to the appropriate agency(ies). The management letter (if applicable) and a copy of the board minutes or board resolution indicating approval of the audit report must be received by DESE before the audit file will be considered complete for the fiscal year:

1. The audit report, related management letter, and copy of the board minutes or board resolution may be submitted electronically to DESE by the board or its designee to an email address established for this purpose. All signatures that would normally be included on the hard copy document must be present on the electronic document. Documents with scanned signatures will be accepted. Copies of unsigned audit reports, management letters, or board minutes or resolutions will not be accepted; and

2. Revisions to an audit report may also be submitted electronically to DESE but must be accompanied by a signed statement from the independent auditor on the firm's letterhead explaining the reason for the revision;

(E) Schools that have a Single Audit performed and have federal findings or questioned costs shall submit the school's Corrective

Action Plan prepared in accordance with OMB Circular A-133 with their audit report and management letter as stated above;

(F) The board must notify DESE's School Administrative Services section if fraud or embezzlement is discovered during the course of the audit;

(G) The board is responsible for the accuracy of the audited financial statements, notes to the financial statements, and assertions related to compliance with state and federal laws and regulations; and

(H) Each board is responsible for ensuring implementation of audit recommendations as appropriate and resolving any questions or discrepancies disclosed by the audit or noted by DESE.

(5) The independent auditor is responsible for conducting the audit in accordance with generally accepted auditing standards, government auditing standards, federal audit requirements, and DESE audit guidelines as contained or referenced in this rule; submitting the audit report to the client board; and assisting in resolving questions or problems which may be disclosed by the audit. Depending on the contract or agreement the school has with its independent auditor, this assistance may require additional compensation to be paid to the auditor.

(A) School audits must contain at a minimum the following:

1. A statement of the scope of examination;

2. A statement as to whether the audit was conducted in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States;

3. The independent auditor's opinion as to whether the financial statements included in the audit report present fairly the results of the operations during the period audited;

4. A statement as to whether the financial statements accompanying the audit report were prepared in accordance with generally accepted accounting principles or another comprehensive basis of accounting;

5. The reason or reasons an opinion is not rendered in the event the independent auditor is unable to express an opinion with respect thereto;

6. Except for charter schools, the independent auditor's opinion as to whether the school's budgetary and disbursement procedures conform to the requirements of Chapter 67, RSMo;

7. The independent auditor's opinion as to whether attendance and transportation records are so maintained by the school as to disclose accurately average daily attendance and average daily transportation of pupils during the period of the audit;

8. The schedule of selected statistics, as specified annually by DESE; and

9. Financial statements presented in such form as to disclose the operations of each fund of the school and a statement of the operations of all funds.

(6) DESE has the general responsibility to receive and review audits; to verify that minimum audit requirements have been met; and with the school's independent auditor, to resolve any questions or discrepancies. Specific responsibilities within DESE are assigned as follows:

(A) DESE has an advisory and supervisory relationship with the board through the school's administrative staff. Questions regarding audit reports and any audit problems, discrepancies, or findings will generally be resolved by DESE directly with the administrative staff at the school. However, in some cases, DESE staff may communicate directly with the school's auditor. DESE staff will communicate with the federal cognizant agency (typically, the U. S. Department of Education) regarding compliance with various federal requirements. The cognizant agency has the authority to make periodic contacts with school officials and their auditors regarding specific questions, audit deficiencies, or review of the audit process; and

(B) DESE's School Administrative Services section is the primary point of contact with the school and their independent auditor

regarding audit requirements and audit reports. This section is responsible for reviewing the audit reports for general acceptability in accordance with state and federal guidelines.

1. DESE staff will make a preliminary review to determine if the audit generally conforms to state and federal requirements referenced in this rule.

2. Schools which receive an audit with a disclaimer of opinion shall institute corrective measures to ensure that the subsequent audit does not contain a disclaimer of opinion. If a disclaimer of opinion is rendered on the subsequent audit, the audit shall be deemed unacceptable and all funds disbursed by DESE to the school may be withheld until such time as the school demonstrates to DESE that the situation resulting in the disclaimer of opinion has been corrected by the school.

3. Audit reports containing an adverse opinion will be evaluated by DESE staff. Depending on the reasons for the adverse opinion, DESE may require the school to provide evidence that corrective action has been or is being taken to eliminate the adverse opinion from future reports. If corrective action is not taken as deemed necessary by DESE and an adverse opinion is rendered on the subsequent audit, the audit shall be deemed unacceptable and all funds disbursed by DESE to the school may be withheld until such time as the district demonstrates to DESE that the situation resulting in the adverse opinion has been corrected by the school.

4. Audits will be reviewed on a rotating basis via a formal desk review for adherence to the appropriate audit requirements (*The Single Audit Act Amendments of 1996*; OMB Circular A-133; *Government Auditing Standards*, as well as the state requirements) included or referenced in this rule.

A. Any deficiencies with the audit, during this phase, will be communicated to school officials and/or the independent auditor depending on the severity and type of deficiency noted. Resolution of desk review items should occur within the time frame provided by DESE in the written communication with the school or the independent auditor. Failure to address noted deficiencies may result in the withholding of funds distributed by DESE to the school. Severe deficiencies and/or inaction by the school's independent auditor may result in the reporting of the independent auditor to the Missouri State Board of Accountancy.

B. Review of the independent auditor's working papers may be conducted by DESE as deemed appropriate to ensure appropriate work has been performed to support statements, opinions, findings, etc. of the independent auditor. Auditors may be requested to provide their most recent peer review report to DESE.

5. For audits conducted in accordance with OMB Circular A-133, federal findings and questioned costs and the related Corrective Action Plan will be circulated to the appropriate DESE program sections for follow-up with the school.

A. The program sections, both federal and state, are responsible for addressing relevant portions of the audit including follow-up with school officials and their independent auditors to resolve any questions, discrepancies, or audit findings.

B. The appropriate program section shall issue a written management decision to the school indicating approval/disapproval of the school's Corrective Action Plan. This must take place within six (6) months from the receipt of the audit.

C. When the program section review suggests questions or discloses discrepancies, the individual program section will correspond directly with the school. This correspondence initiates a procedure for resolving program audit questions and discrepancies which is outlined below—

(I) Personnel of the various program sections will advise the school officials of the findings and the nature of any discrepancy found in the audit report;

(II) Within the time frame provided by DESE, school officials will be expected to respond with clarifying information and, as appropriate, corrected data or a corrected page of the audit report issued by the independent auditor who conducted the original audit.

DESE staff will assist in every reasonable way to help a school and/or its independent auditor find a solution to audit problems; and

(III) If a discrepancy cannot be resolved, DESE may recover or withhold applicable state or federal funds from the affected program.

PUBLIC COST: This proposed rule will cost public school districts and charter schools an estimated \$5,207,940 for Fiscal Year 2010 and each subsequent year for the life of the rule.

I. RULE NUMBER

Title: 5 Department of Elementary and Secondary Education
Division: 30 Division of Administrative and Financial Services
Chapter: 4 General Administration
Type of Rulemaking: Proposed Rule
Rule Number and Name: 5 CSR 30-4.030 Audit Policy and Requirements

II. SUMMARY OF FISCAL IMPACT

Affected Agency or Political Subdivision	Estimated Cost of Compliance in the Aggregate
Public School Districts and Charter Schools	\$5,207,940 for FY 2010 and each subsequent year for the life of the rule.

III. WORKSHEET

The current public cost for public school districts and charter schools audit reports is \$4,932,940 as reported by the public school districts and charter schools on the Fiscal Year 2008 Annual Secretary of the Board report. The Fiscal Year 2009 cost is not expected to differ significantly from the Fiscal Year 2008 amount. The recurring cost of the rule for Fiscal Year 2010 and subsequent years is estimated to increase slightly since not all schools' component units are currently audited as contemplated in the proposed rule. Four schools are known to have component units that are not currently being audited but the total number of schools likely to be affected is unknown.

IV. ASSUMPTIONS

If one assumes that approximately ten percent (10%) of the state's 551 schools will be affected and the audit cost of a component unit averages approximately \$5,000, the fiscal impact would be approximately \$275,000 per year for Fiscal Year 2010 and each subsequent year.

Title 10—DEPARTMENT OF NATURAL RESOURCES
Division 100—Petroleum Storage Tank Insurance Fund
Board of Trustees
Chapter 4—Participation Requirements

PROPOSED AMENDMENT

10 CSR 100-4.020 Participation Requirements for Aboveground Storage Tanks. The board is reversing the order of old subsections (5)(E) and (5)(F) and is amending old subsection (5)(E).

PURPOSE: This amendment changes how the board handles insurance renewals where some, but not all, of the aboveground tanks at a site have been taken out of service. In addition, it would make third-party benefits available for claims made during the extended reporting period. This amendment makes the board's procedures for aboveground tanks consistent with its current procedures for underground tanks.

(5) In order to continue participation in the fund, participants are required to renew their participation annually.

(E) In order to continue participation in the fund, participants shall pay such fees as are set forth in subsection (3)(A) above. If such fees are not submitted with the renewal application, and the application is accepted, the board shall notify the applicant of the amount of such fees which are due, and shall indicate that such fees are due and payable within ten (10) days. Failure by the applicant to submit such fees in a timely manner shall result in nonrenewal of coverage on the date that such fees were due.

[(E)](F) [If one (1) or more of the previously-insured aboveground storage tanks has been taken out of use and emptied,] If at the end of a participation period, all of the previously-insured aboveground storage tanks have been emptied and taken out of use, the owner and/or operator of [that] the tank(s) shall no longer be insured for costs resulting from sudden or non-sudden releases [from that tank], since there cannot be a release from an empty tank. Instead, the owner or operator may [elect to purchase "tail coverage" to protect against costs of corrective action which may be required as a result of a sudden or non-sudden] apply for an extended reporting period. 20 CSR 2235-2.080 Non-Licensed Persons Engaging in Activities Defined as the Practice of Psychology

PURPOSE: This rule defines the restrictions of non-licensed persons engaging in activities defined as the practice of psychology and any licensee associated with the practice of such person.

(1) A person who does not hold a license to practice as a psychologist but who nonetheless may engage in activities defined as the practice of psychology under the provisions of section 337.045(3), RSMo, and any licensee associated with the practice of such a person, shall abide by the following restrictions:

(A) Psychological Trainee. A trainee shall neither deliver psychological services nor be requested to deliver psychological services, but may participate in the delivery of services by a licensed psychologist. Patient records shall document disclosure of the psychological trainee's status and reflect the activities of the psychological trainee. Training is part of the educational process and not an alternative to licensure;

(B) Psychological Intern. A psychological intern may deliver psychological services, in accordance with the requirements of a degree program, under the immediate supervision of a licensed psychologist who has complete responsibility for the needs of the patient and the actions of the psychological intern. Patient records must reflect the activities of the intern and be signed by the responsible psychologist. Patient records must document disclosure of the psychological intern's status and the responsibility of the supervising psychologist. Internships are part of the educational process, and are not an opportunity to practice psychology without a license;

(C) Psychological Resident. A psychological resident may deliver psychological services under the supervision of a licensed psychologist who has complete responsibility for the needs of the patient and the actions of the psychological resident. Patient records must reflect the activities of the resident, and be signed by the responsible psychologist. Patient records shall document disclosure of the psychological resident's status and the responsibility of the supervising psychologist. The practice of psychology by a resident is done under

close supervision to insure the protection of the public and to permit the profession to judge the qualifications of the resident. It is done to determine fitness for licensure, and is not intended to allow the practice of psychology without a license;

(D) Psychological Assistant. A psychological assistant's practice shall be under the supervision of a licensed psychologist. Patient records must reflect the activities of the assistant, and be signed by the responsible psychologist. Patient records shall document disclosure of the psychological assistant's status and the responsibility of the supervising psychologist. The assistant's practice is for the benefit of the patients treated during a brief period of time between residency and licensure. Continuity of patient care is the sole purpose of allowing a psychological assistant to deliver psychological services. New patients should not be accepted during this brief time period. Practice as a psychological assistant is not an alternative to licensure. A psychological assistant who is not provisionally licensed shall file a Supervision Agreement with the committee prior to acting as an assistant. A person working in the capacity of psychological assistant who is not provisionally licensed may do so for up to two (2) years from the date of formal approval of the Supervision Agreement by the committee;

(E) Qualified Assistant. The activities and functions of the qualified assistant are the full responsibility and liability of the licensed psychologist. Qualified assistants may not diagnose, interpret psychological tests, or perform psychotherapy. Patient records shall document disclosure of the status of the qualified assistant and reflect the activities of the qualified assistant. Nothing in this rule shall be construed to require a person who is otherwise exempt from licensure pursuant to section 337.045, RSMo, to act or otherwise serve as a qualified assistant; and

(F) Provisionally Licensed Psychologist. The scope of practice of a provisionally licensed psychologist is limited by section 337.020.5, RSMo, and the applicable limitations placed on either psychological residents or psychological assistants, whichever classification applies to the provisional licensee.

AUTHORITY: sections 337.045 and 337.050.9, RSMo 2000. Original rule filed: April 8, 2009.

PUBLIC COST: This proposed rule will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

PRIVATE COST: This proposed rule will not cost private entities more than five hundred dollars (\$500) in the aggregate.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed rule with the Committee of Psychologists, PO Box 1335, Jefferson City, MO 65102, by facsimile at 573-526-0661, or via email at scop@pr.mo.gov. **Title 13—DEPARTMENT OF SOCIAL SERVICES
Division 70—MO HealthNet Division
Chapter 15—Hospital Program**

ORDER OF RULEMAKING

By the authority vested in the MO HealthNet Division under section 208.201, RSMo Supp. 2008, the division adopts a rule as follows:

13 CSR 70-15.200 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on December 15, 2008 (33 MoReg 2430–2431). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Missouri Department of Social Services, MO HealthNet Division received and reviewed written comments on the proposed rule from seven (7) sources: HealthCare USA, Two Rivers Psychiatric Hospital, Missouri Health Care Association, Washington University Physicians, BJC HealthCare, Missouri Hospital Association, and Missouri Center for Patient Safety. One (1) comment with corrections to the proposed rule was received from MO HealthNet Division staff. The comments are summarized as follows:

COMMENT #1: HealthCare USA commented in support of the department on this rulemaking addressing payment policy for a serious adverse event or hospital or ambulatory surgical center-acquired condition prior to the rule being filed with the Missouri Secretary of State.

RESPONSE: The department appreciates the support of HealthCare USA regarding implementation of this rule. No change to the rule text was made as a result of this comment.

COMMENT: #2 Two Rivers Psychiatric Hospital and the Missouri Health Care Association commented prior to publication that subsection (1)(A) should denote a particular version of the National Quality Forum “list of serious adverse events in health care.” The Missouri Hospital Association commented that subsection (2)(E) should also denote a particular version of the list of Medicare Hospital-Acquired Conditions (NCAs) non-payable for Medicare.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees with the comment and revised subsection (1)(A) of the rule to denote a particular version of the National Quality Forum “list of serious adverse events in health care” prior to filing with the Missouri Secretary of State. Subsection (2)(E) will be changed to comply with state statutory requirements governing referral to external documents in regulations.

COMMENT #3: Two Rivers Psychiatric Hospital and Missouri Health Care Association commented prior to publication that the definition of “adverse event” and “preventable” were so vague as to not give meaningful direction to providers. Washington University Physicians commented that “electric shock” was not defined. Washington University Physicians and BJC HealthCare commented “low risk pregnancy” is not defined. The Missouri Hospital Association suggested that the implementation guidance of the National Quality Forum be incorporated in the rule because it provides additional detail regarding the definition of many of the National Quality Forum serious adverse events.

RESPONSE AND EXPLANATION OF CHANGE: The National Quality Forum, an organization created to develop and implement a national strategy for health care quality measurement and reporting, is responsible for the development of the serious preventable adverse events list. The definitions for adverse event, preventable, electric shock, and low risk pregnancy are all defined in the National Quality Forum’s publication “Serious Reportable Events in Healthcare: 2006 Update.” Subsection (1)(A) will be amended to incorporate by reference the criteria and implementation guidance of Table 1 of the National Quality Forum’s publication “Serious Reportable Events in Healthcare: 2006 Update.”

COMMENT #4: Two Rivers Psychiatric Hospital and Missouri Health Care Association commented prior to publication that section (2) of the rule uses the phrase “serious disability” as opposed to “serious harm,” meaning an injury could occur, but so long as it is not a disabling injury, it would not constitute an event disqualifying the facility from payment. BJC HealthCare commented that “serious” should be limited to permanent or irreversible loss of bodily function (not seven (7) days or present on discharge as medical conditions resolve after these time periods).

RESPONSE: No change was made to the rule text as a result of this comment. Serious is defined in the rule and by National Quality Forum as an adverse event that results in death or loss of a body part, disability, or loss of bodily function lasting more than seven (7) days or is still present at the time of discharge from a hospital.

COMMENT #5: Two Rivers Psychiatric Hospital and Missouri Health Care Association commented prior to publication that the denial of payment to a Medicaid enrolled provider would give rise to an administrative appeal under 208.156, RSMo. Washington University Physicians, BJC HealthCare, and Missouri Hospital Association also commented that the rule should, at a minimum, explain the process by which provider appeals will be acted upon.

RESPONSE: No change was made to the rule text as a result of this comment. The department agrees that denial of payment to a Medicaid enrolled provider would give rise to an administrative appeal under 208.156, RSMo.

COMMENT #6: Two Rivers Psychiatric Hospital and the Missouri Health Care Association both expressed concerns that hospitals faced with non-payment because of this rule will be tempted to claim that the adverse event occurred prior to admission to their hospital. Missouri Health Care Association suggested that stage 3 or 4 pressure ulcers acquired after admission to a healthcare facility be eliminated from the list of serious reportable events because of confusion that will be caused and the adverse relationships that it will foster between nursing facilities and hospitals.

RESPONSE: No change was made to the rule text as a result of this comment. The department appreciates the serious issue raised by the comment. However, the department believes that the healthcare providers will develop appropriate observation and documentation procedures and tools. Centers for Medicare and Medicaid Services (CMS) has required since October 2008 that all Inpatient Prospective Payment System hospitals code whether or not a condition was present on admission.

COMMENT #7: Two Rivers Psychiatric Hospital and Missouri Health Care Association commented prior to publication that the department does not have sufficient personnel to enforce this rule or if state staff would have the knowledge necessary to evaluate proper care in a psychiatric hospital. Two Rivers Psychiatric Hospital required time to explore concerns more fully or exempt psychiatric hospitals from the rule until the department has better experience with how it will work. The Missouri Hospital Association commented that the current “Present on Admission (POA)” coding only applies to hospitals paid under the Medicare Inpatient Prospective Payment System (IPPS). Other types of hospitals paid using different Medicare payment methodologies are exempt. The Missouri Hospital Association suggested that the non-IPPS hospitals be given more time to prepare for implementation of the POA reporting requirement before it is imposed.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees that hospitals and ambulatory surgical centers not paid under the Medicare IPPS should have more time to prepare for implementation of the POA reporting requirement. A change has been made to section (5).

COMMENT #8: Missouri Health Care Association commented that if the proposed rule is to be limited to adverse events in hospitals or

ambulatory surgical centers then the phrase “healthcare facility” should be defined to mean only hospitals and ambulatory surgical centers to avoid confusion. The Missouri Hospital Association commented that at various points in the proposed regulation there is a need to add references to ambulatory surgical centers to make it clear that the payment standard applies to inpatient hospital services, hospital outpatient surgery, and ambulatory surgical center services.

RESPONSE AND EXPLANATION OF CHANGE: Sections (1), (2), and (4) will be changed to clarify that this regulation applies to inpatient hospital services, hospital outpatient surgery, and ambulatory surgical center services.

COMMENT #9: Missouri Health Care Association suggested that the division seriously consider the results of possible large scale reimbursement reductions and the defensive medicine which will be caused as a marketplace response to this proposed rule. It was suggested the rule will force hospitals to divert their resources to unnecessary risk management efforts. The Missouri Health Care Association encouraged the division to consider withdrawing the proposed rule to allow the division a better opportunity to evaluate its effect.

RESPONSE: No change was made to the rule text as a result of this comment. Medicare no longer pays the higher MS-DRG for certain categories of conditions covered in this rule that occur while a patient is in an inpatient prospective payment system hospital. In a July 2008 letter to state Medicaid directors, CMS provided guidance to states related to coordination of state Medicaid payment policies with those adopted by the Medicare program to prevent payment liability by Medicaid as a secondary payer.

COMMENT #10: Washington University Physicians and BJC HealthCare believe that MO HealthNet should not diverge from the approach implemented by CMS for the Medicare program.

RESPONSE: No change was made to the rule text as a result of this comment. In its July 31, 2008, State Medicaid Director letter, CMS said, “CMS encourages the States to consider the entire Medicaid population (not just dual eligibles) and all of the NQF Never Events in the creation of individual State policies. The guiding principle should be that payment and performance need to be linked. . . . This is an important part of the Secretary’s and CMS’ Value Driven Health Care initiative to ensure prudent use of resources to enhance quality care.” CMS announced in July 2008 the initiation of three (3) Medicare National Coverage Determinations (NCD) proceedings for “wrong surgery,” a category of never events included in the National Quality Forum’s list of serious reportable adverse events. On January 15, 2009, the NCD became effective.

COMMENT #11: Washington University Physicians and BJC HealthCare commented that the list of measures attributed to the National Quality Forum is not appropriate to be used as the basis for withholding MO HealthNet payments to providers.

RESPONSE: No change was made to the rule text as a result of this comment. According to the National Quality Forum, serious reportable events are defined as events which are of concern to both the public and healthcare professionals, are clearly identifiable and measurable and feasible to include in a reporting system, and of a nature such that the risk of occurrence is significantly influenced by the policies and procedures of the healthcare facility. As a prudent payer for healthcare services MO HealthNet believes that serious adverse events, such as surgery performed on the wrong body part, surgery performed on the wrong patient, or wrong surgery on the patient, should not be paid for by Medicaid.

COMMENT #12: Washington University Physicians, BJC HealthCare, and the Missouri Hospital Association commented that compliance with new policies that are at variance with the CMS present on admission policy will have a greater impact on providers than

claimed in the fiscal estimate, and that one (1) of several factors motivating the proposed rule is the goal of budget savings.

RESPONSE: No change was made to the rule text as a result of this comment. While the Medicaid portion of costs to avoid preventable serious adverse events will be reimbursed based on the hospital Medicare or Medicaid cost report, the division believes this rule will not necessitate costs that would not have been incurred in ordinary risk management effort. Budget savings is not a motivating factor for the proposed rule. As acknowledged by the commenter, it is the responsibility of MO HealthNet to ensure the highest level of care be provided to participants, and it is the obligation of the division to ensure public funds are spent efficiently. The division does not believe that preventable serious adverse events or hospital or ambulatory surgical center-acquired conditions are frequent occurrences, but the division is using the rulemaking process to make it clear that MO HealthNet will not pay for preventable errors that provide no benefit to the patient. The MO HealthNet Division uses the CMS (Medicare) hospital outpatient prospective payment system (OPPS) as the basis for determining payments to ambulatory surgery centers for surgical services.

COMMENT #13: Washington University Physicians commented that death or significant injury of a patient or staff member resulting from a physical assault (battery) that occurs within or on the grounds of a healthcare facility are, by definition, intentional acts by individuals, and such independent acts should not be the basis to deny payment for services rendered.

RESPONSE AND EXPLANATION OF CHANGE: The department intended that, among other things, the serious adverse event be within the control of the hospital. Subsection (2)(E) will be changed to delete death or significant injury of a patient or staff member resulting from a physical assault (battery) that occurs within or on the grounds of a healthcare facility.

COMMENT #14: BJC HealthCare commented that this rule and department determinations of preventable harm can be used effectively by plaintiff's counsel in medical malpractice litigation.

RESPONSE: No change was made to the rule text as a result of this comment. The purpose of this rule is to establish the MO HealthNet payment policy for services.

COMMENT #15: BJC HealthCare commented that several of the serious reportable events could be attributed to others.

RESPONSE: No change was made to the rule text as a result of this comment. The rule clearly states the payment will be denied when the event is within the control of the hospital or ambulatory surgical center.

COMMENT #16: BJC HealthCare commented that elopements, suicides, and abductions should be limited to inpatient hospital stays because emergency department and ambulatory outpatients are beyond stringent hospital controls.

RESPONSE: No change was made to the rule text as a result of this comment. The rule clearly states the payment will be denied when the event is within the control of the hospital or ambulatory surgical center.

COMMENT #17: BJC HealthCare and the Missouri Hospital Association commented that it was not specified in the regulation how the MO HealthNet Division would reduce payments to hospitals "for care only related to the treatment consequences of a serious adverse event" in an inpatient payment system based on per diem payments.

RESPONSE AND EXPLANATION OF CHANGE: Clarifying language has been added to section (4).

COMMENT #18: The Missouri Center for Patient Safety suggested that the title of the rule be broadened to reflect a general "Policy

for Preventable Serious Adverse Events."

RESPONSE: No change was made to the rule text as a result of this comment. At this time the department believes it is important to communicate that the focus of the rule is a decrease of preventable serious adverse events in hospitals or ambulatory surgical centers.

COMMENT #19: The Missouri Center for Patient Safety and the Missouri Hospital Association pointed out that not all the items on the list of National Quality Forum serious reportable events were included in subsection (2)(E).

RESPONSE: No change has been made to the rule as a result of this comment. Not all the services on the list are covered by MO HealthNet.

COMMENT #20: The Missouri Center for Patient Safety and the Missouri Hospital Association encouraged the department to work with federally-listed Patient Safety Organizations (PSO) and require MO HealthNet enrolled hospitals and ambulatory surgical centers to participate with a federally-designated PSO.

RESPONSE AND EXPLANATION OF CHANGE: The division agrees with this recommendation. Section (6) has been added.

COMMENT #21: A staff member pointed out grammatical errors in subsections (1)(A) and (1)(C) and paragraphs (2)(E)19. and (2)(E)21.

RESPONSE AND EXPLANATION OF CHANGE: Subsections (1)(A) and (1)(C) and paragraphs (2)(E)19. and (2)(E)21. have been corrected.

13 CSR 70-15.200 Payment Policy for a Preventable Serious Adverse Event or Hospital or Ambulatory Surgical Center-Acquired Condition

(1) Definitions.

(A) Adverse event. A discrete, auditable, and clearly defined occurrence as identified by the National Quality Forum in its list of serious adverse events in health care, as of December 15, 2008, (and as further defined by the criteria and implementation guidance of Table 1 of the National Quality Forum's publication "Serious Reportable Events in Healthcare: 2006 Update" which is available at http://www.qualityforum.org/publications/reports/sre_2006.asp) or an event identified by the Centers for Medicare and Medicaid Services, as of December 15, 2008, that leads to a negative consequence of care resulting in an unintended injury or illness which was preventable.

(B) Preventable. An event that reasonably could have been anticipated and avoided by the establishment and implementation of appropriate policies, procedures, and protocols by a hospital or ambulatory surgical center or by staff conformance to established hospital or ambulatory surgical center policies, procedures, and protocols.

(C) Serious. An adverse event that results in death or loss of a body part, disability, or loss of bodily function lasting more than seven (7) days or, for a hospital patient, the loss of bodily function is still present at the time of discharge from a hospital.

(D) Healthcare facility. For purposes of the regulation shall mean a hospital or ambulatory surgical center.

(2) Payment to hospitals or ambulatory surgical centers enrolled as MO HealthNet providers for care related only to the treatment of the consequences of a serious adverse event will be denied or recovered by the MO HealthNet Division when such serious adverse event is determined to:

(B) Be within the control of the hospital or ambulatory surgical center;

(C) Have occurred during an inpatient hospital admission, outpatient hospital surgery care, or care in an ambulatory surgical center;

(E) Be included on the National Quality Forum list of Serious Reportable Events as of December 15, 2008, or the Centers for Medicare and Medicaid Services list of Medicare Hospital-Acquired Conditions (HCAs), non-payable by Medicare as of December 15, 2008. The National Quality Forum list of serious reportable events as of December 15, 2008, includes:

1. Surgery performed on the wrong body part;
2. Surgery performed on the wrong patient;
3. Wrong surgical procedure on a patient;

8. Patient death or serious disability associated with intravascular air embolism that occurs while being cared for in a healthcare facility;
9. Infant discharged to the wrong person;
10. Patient death or serious disability associated with patient elopement (disappearance) for more than four (4) hours;
11. Patient suicide, or attempted suicide resulting in serious disability, while being cared for in a healthcare facility;
12. Patient death or serious disability associated with a medication error (error involving the wrong drug, wrong dose, wrong patient, wrong time, wrong rate, wrong preparation, or wrong route of administration);
13. Patient death or serious disability associated with a hemolytic reaction due to the administration of ABO-incompatible blood or blood products;
14. Maternal death or serious disability associated with labor or delivery on a low-risk pregnancy while being cared for in a healthcare facility;
15. Patient death or serious disability associated with hypoglycemia, the onset of which occurs while the patient is being cared for in a healthcare facility;
16. Death or serious disability (Kernicterus) associated with failure to identify and treat hyperbilirubinemia in neonates;
17. Stage 3 or 4 pressure ulcers acquired after admission to a healthcare facility;
18. Patient death or serious disability due to spinal manipulative therapy;

26. Sexual assault on a patient within or on the grounds of a healthcare facility.

(4) MO HealthNet payment denials will be calculated by the MO HealthNet Division based on the facts of each serious adverse event. The calculation of the denial of payment will be reviewed by the MO

HealthNet director. The final decision of the division regarding the denial of payment shall be subject to review by the Administrative Hearing Commission pursuant to the provisions of 208.156, RSMo. Such payment limitation shall only apply to the hospital or ambulatory surgical center where the adverse event occurred and shall not apply to care provided by other hospitals should the patient subsequently be transferred or admitted to another hospital for needed care.

(5) Hospitals or ambulatory surgical centers enrolled as MO HealthNet providers and paid under the Medicare Inpatient Prospective Payment System (IPPS) shall include the "Present on Admission" (POA) indicator on the UB 04 when submitting claims for payment beginning thirty (30) days after publication of this rule in the *Missouri Code of State Regulations*. Hospitals or ambulatory surgical centers enrolled as MO HealthNet providers and not paid under the Medicare Inpatient Prospective Payment System (IPPS) shall include the "Present on Admission" (POA) indicator on the UB 04 when submitting claims for payment beginning July 1, 2010. The POA indicator shall be coded as instructed by the Centers for Medicare and Medicaid Services.

FINANCIAL INSTITUTIONS AND PROFESSIONAL
REGISTRATION
Division 500—Property and Casualty
Chapter 7—Title**

ORDER OF RULEMAKING

By the authority vested in the Department of Insurance, Financial Institutions and Professional Registration under sections 374.045 and 381.042, RSMo Supp. 2008, the director amends a rule as follows.

20 CSR 500-7.030 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on November 17, 2008 (33 MoReg 2238). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: A public hearing on this proposed amendment was held January 22, 2009, and the public comment period ended January 29, 2009. At the public hearing, department staff explained the amendment, and the director received comments from David Townsend and Brent Scheer with Agents National Title Insurance Company, Donnia Mayfield, the Missouri Title Legislative Study Group, and Jim Drake.

COMMENT #1: Martha Burton, on behalf of the department, and the Missouri Title Legislative Study Group commented that the sections on Form T-6A should be renumbered.

RESPONSE AND EXPLANATION OF CHANGE: The director agrees with this comment and will renumber the sections on Form T-6A accordingly.

COMMENT #2: David Townsend and Brent Scheer, on behalf of Agents National Title Insurance Company, commented that Form T-6A should be held confidential by the director.

RESPONSE: The director appreciates this comment; however, no changes have been made to the rule or forms in response. Form T-6B is given confidentiality protection by the director because the director believes the information reported amounts to a trade secret as defined by section 417.453(4), RSMo. The information reported on Form T-6A does not qualify as a trade secret, thus is not given additional confidentiality protections.

COMMENT #3: Donnia Mayfield commented that Form T-6A should include a verification that the agency is properly licensed and followed the law regarding title plant searches, section 381.071, RSMo.

RESPONSE: The director appreciates this comment; however, no changes have been made to the rule or forms in response. A licensing review is not specifically included in the list of review findings required by section 381.023.2, RSMo, therefore, it is not included in Form T-6A. While title plant search compliance is not explicitly included in Form T-6A, a review of underwriting practices, including title searches, is inherent in Section 1 of Form T-6A.

COMMENT #4: Jim Drake commented that the rule should apply to all title agencies, even those based outside Missouri.

RESPONSE: The director appreciates this comment; however, no changes to the rule or forms were made in response. The director interprets the authorizing statutes and rule to apply to all title insurance agencies contracted with a title insurer authorized to do business in Missouri, regardless of that agency's location.

COMMENT #5: Jim Drake and Rick Hollenberg, on behalf of the Missouri Mortgage Bankers, commented that title insurance agent escrow accounts, particularly sweep accounts, should be protected by the Federal Deposit Insurance Corporation (FDIC).

RESPONSE: The director agrees that FDIC protection is beneficial; however, the director declines to specify which federal entity must appropriately insure deposits or institutions in accordance with section 381.022.1(2), RSMo. Section 381.022.3, RSMo, prescribes the conditions under which escrow funds can be lawfully disbursed, including transfers to a sweep account. Form T-6A, Section 12, already requires that the insurer's onsite review determine compliance with section 381.022.2, RSMo, which requires the use of "separate fiduciary trust accounts or accounts in a qualified depository institution". No changes have been made to the rule in response to this comment.

COMMENT #6: The Missouri Title Legislative Study Group commented that Section 4 of T-6A should be modified to reflect the distinction between Forms T-6A and T-6B.

RESPONSE AND EXPLANATION OF CHANGE: The director agrees with this comment and has modified Form T-6A accordingly.

COMMENT #7: The Missouri Title Legislative Study Group commented that Form T-6B should be modified to show that agents report policies rather than policy files to the underwriter.

RESPONSE AND EXPLANATION OF CHANGE: The director agrees with this comment and has modified Form T-6B accordingly.

COMMENT #8: Rick Hollenberg, on behalf of the Missouri Mortgage Bankers Association, expressed opposition to David Townsend's and Brent Scheer's suggestions in Comment #2, above, regarding expanding the confidentiality protections offered by the proposed amendment and Form T-6A. Mr. Hollenberg stated that public knowledge of efficiencies or inefficiencies of an agent or agency are of the most importance for a consumer. Public access to the results of the reviews required by the amendment and forms works toward agents and agencies being more sensitive to complying with the law and employing a best practices model for their busi-

nesses. Mr. Hollenberg further commented that much is being made today of transparency in governmental affairs and the public is demanding that governmental bodies account for and grant access to government records. To sequester such information would work against the public's best interest. Public access to the annual reviews would provide notice to the public of possible issues alerting buyers, sellers, and lenders that they would be better served by a competitor with better business practices. Withholding this information, as suggested by Mr. Townsend and Mr. Scheer, places consumers at a greater risk and subjects them to otherwise avoidable damages.

RESPONSE: The director appreciates and agrees with this comment. No changes have been made to the rule or forms in response.

20 CSR 500-7.030 General Instructions

(1) Filing and Report Forms. The following forms are incorporated by reference and approved for filing with the department. The forms contain no later amendments or additions and are available to the public for inspection and copying at the department's website at www.insurance.mo.gov or at the department offices at 301 West High Street, Room 530, Jefferson City, MO 65101.

(G) The Insurer's On-site Review Report form (Form T-6A and Form T-6B), revised February 26, 2009, or any form which substantially comports with the specified form.

Title 20—DEPARTMENT OF INSURANCE, FINANCIAL INSTITUTIONS AND PROFESSIONAL REGISTRATION Division 500—Property and Casualty Chapter 7—Title

ORDER OF RULEMAKING

By the authority vested in the Department of Insurance, Financial Institutions and Professional Registration under section 374.045, RSMo 2000 and sections 381.023 and 381.042, RSMo Supp. 2008, the director adopts a rule as follows.

20 CSR 500-7.080 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on November 17, 2008 (33 MoReg 2238-2242). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: A public hearing on this proposed rule was held January 22, 2009, and the public comment period ended January 29, 2009. At the public hearing, department staff explained the new rule and the director received comments from David Townsend and Brent Scheer with Agents National Title Insurance Company, Donnia Mayfield, the Missouri Title Legislative Study Group, Missouri Mortgage Bankers Association, and Jim Drake.

COMMENT #1: David Cox, on behalf of the department, commented that subsection (2)(A) should be deleted because licensing review is not explicitly provided for in the authorizing statute.

RESPONSE AND EXPLANATION OF CHANGE: The director agrees with this comment and modified the rule accordingly.

COMMENT #2: David Townsend and Brent Scheer, on behalf of Agents National Title Insurance Company, commented that Form T-6A should be held confidential by the director.

RESPONSE: The director appreciates this comment; however, no changes have been made to the rule in response. Form T-6B is given confidentiality protection by the director because the director

believes the information reported amounts to a trade secret as defined by section 417.453(4), RSMo. The information reported on Form T-6A does not qualify as a trade secret, thus is not given additional confidentiality protections.

COMMENT #3: Donnia Mayfield commented that Form T-6A should include a verification that the agency is properly licensed and followed the law regarding title plant searches, section 381.071, RSMo.

RESPONSE: The director appreciates this comment; however, no changes have been made to the rule or forms in response. A licensing review is not specifically included in the list of review findings required by section 381.023.2, RSMo, therefore, it is not included in T-6A. While title plant search compliance is not explicitly included in Form T-6A, a review of underwriting practices, including title searches, is inherent in Section 1 of Form T-6A.

COMMENT #4: Jim Drake commented that the rule should apply to all title agencies, even those based outside Missouri.

RESPONSE: The director appreciates this comment; however, no changes to the rule or forms were made in response. The director interprets the authorizing statutes and rule to apply to all title insurance agencies contracted with a title insurer authorized to do business in Missouri, regardless of that agency's location.

COMMENT #5: The Missouri Title Legislative Study Group commented that Section 4 of T-6A should be modified to reflect the distinction between Forms T-6A and T-6B.

RESPONSE AND EXPLANATION OF CHANGE: The director agrees with this comment and has modified Form T-6A accordingly.

COMMENT #6: The Missouri Title Legislative Study Group commented that Form T-6B should be modified to show that agents report policies rather than policy files to the underwriter.

RESPONSE AND EXPLANATION OF CHANGE: The director agrees with this comment and has modified Form T-6B accordingly.

COMMENT #7: Rich Hollenberg, on behalf of the Missouri Mortgage Bankers Association, expressed opposition to David Townsend's and Brent Scheer's suggestions in Comment #2, above, regarding expanding the confidentiality protections offered by the proposed rule and Form T-6A. Mr. Hollenberg stated that public knowledge of efficiencies or inefficiencies of an agent or agency are of the most importance for a consumer. Public access to the results of the reviews required by the rule and forms works toward agents and agencies being more sensitive to complying with the law and employing a best practices model for their businesses. Mr. Hollenberg further commented that much is being made today of transparency in governmental affairs and the public is demanding that governmental bodies account for and grant access to government records. To sequester such information would work against the public's best interest. Public access to the annual reviews would provide notice to the public of possible issues alerting buyers, sellers, and lenders that they would be better served by a competitor with better business practices. Withholding this information, as suggested by Mr. Townsend and Mr. Scheer, places consumers at a greater risk and subjects them to otherwise avoidable damages.

RESPONSE: The director appreciates and agrees with this comment. No changes have been made to the rule or forms in response.

COMMENT #8: Jim Drake and Rick Hollenberg, on behalf of the Missouri Mortgage Bankers, commented that title insurance agent escrow accounts, particularly sweep accounts, should be protected by the Federal Deposit Insurance Corporation (FDIC).

RESPONSE: The director agrees that FDIC protection is beneficial; however, the director declines to specify which federal entity must appropriately insure deposits or institutions in accordance with section 381.022.1(2), RSMo. Section 381.022.3, RSMo, prescribes the conditions under which escrow funds can be lawfully disbursed, including transfers to a sweep account. Form T-6A, Section 12,

already requires that the insurer's onsite review determine compliance with section 381.022.2, RSMo, which requires the use of "separate fiduciary trust accounts or accounts in a qualified depository institution." No changes have been made to the rule in response to this comment.

20 CSR 500-7.080 Insurer's Annual On-site Review

(2) Standards of Annual On-site Review. Insurer shall conduct an annual on-site review of underwriting, claims, and escrow practices of agencies where commitments and/or policies of the insurer have been issued that is reasonably designed to detect violations of Chapter 381, RSMo, compliance with the Issuing Agency Agreement, and compliance with the underwriting standards and guidelines as established by the insurer. The insurer annual on-site review shall provide, at a minimum, for the following:

(A) Underwriting Practices and Claims. The title insurer shall review the agency's adherence to its established underwriting standards. The title insurer shall review the agency's procedures for notification of claims according to the terms of the Issuing Agency Contract between the title agency or agent and the insurer and the terms contained in the insurer's policies of title insurance;

(B) Insurer Remittances. Each on-site review shall verify that the funds held on behalf of the insurer are reasonably ascertainable from the books of account and records of the title agency or agent and are sufficient to satisfy the obligations of the title agency or agent to the insurer. Each on-site review shall verify that remittances are being paid to the insurer by the policy issuing agent in a timely manner in accordance with section 381.038.3, RSMo;

(C) Insurer-Agency Contract. Each on-site review shall include a review of the title insurer and title insurance agency/title insurance agent contracts to ensure a) the contract sets forth the responsibilities of each party and, when both parties share the responsibility for a particular function, specifies the division of responsibilities, and b) the contract is up-to-date and properly executed;

(D) Annual Statement. The title insurer shall obtain from the title insurance agent, or from the title insurance agency if the title insurance agent is employed by a title insurance agency, a statement of financial condition of the title insurance agent or title insurance agency as required pursuant to section 381.023.2(2), RSMo, which includes an income statement and balance sheet or federal tax return showing the condition of the title insurance agent/agency affairs as of December 31 of the preceding year, or fiscal year. This statement of financial condition shall be certified by the title insurance agent or the title insurance agency's designated agent as being a true and correct representation of the financial condition. The title insurer shall document its receipt of the title insurance agent's or title insurance agency's statement of financial condition in the title insurer's on-site review report and shall maintain the documentation provided by the agent/agency in support of such statement for a period of at least four (4) years;

(E) Affiliated Business. The title insurer shall review the title insurance agent's affiliated business arrangements for conflicts of interest and regulatory compliance;

(F) Orders. Each on-site review shall reconcile the title agency or agent's orders with commitments, title searches, and title policies of the insurer, and collection of premiums on behalf of the insurer;

(G) Commitments. Each on-site review shall include a review of:

1. The title insurance agent's procedure for tracking issued commitments of the insurer;

2. The title insurance agent's practices relating to cancellation of commitments of the insurer on transactions that do not close; and

3. The title insurance agent's procedures for follow-up after closing to track status of outstanding conditions required for timely issuance of policies of the insurer;

(H) Voiding Policies. Each on-site review shall include a review of the title insurance agent's procedure for voiding policies of the insurer according to the terms of the Issuing Agency Contract and other guidelines as may be established from time-to-time by the insurer;

(I) Escrow, Security, and Settlement File Tracking. Each on-site review shall include a review of the title insurance agent's tracking of its open escrow files, security settlement, or closing files where commitments or policies of the insurer have been issued;

(J) Policy Register. Each on-site review shall include a reconciliation of policy jackets provided to the title insurance agent by the insurer, compared to existing outstanding inventory and policies of the insurer issued by the title insurance agent;

(K) Policy Issuance. Each on-site review shall include a review of the title insurance agent's files, where commitments or policies of the insurer have been issued, to determine the average length of time between the issuance of the title policy and either all of the requirements to insure have been met or special circumstances for policy delay as contained in 20 CSR 500-7.090 have been met; and

(L) Escrow Practices and Account Reconciliation. For those agents performing escrow, security settlement, or closing services pursuant to section 381.022, RSMo, the title insurer shall review the title insurance agent's closing procedures and shall include a sample of escrow closing files where commitments or policies of the title insurer have been issued, and based upon the findings of a review of the monthly reconciliations of all of the fiduciary trust accounts, as certified by the title agent or agency to the insurer, prepared by the title agent or agency. The review shall include a determination of compliance with the following: a) use of escrow agreements; b) adherence to the "good funds" requirements; c) deposit practices; d) disbursement of funds in compliance with written instructions; and e) recording of all deeds, releases, and other documents required of the title insurance agent.

Tips for Rulemaking

Using Commas

- Use a comma after each item in a series of three or more words, phrases, letters, or figures used with *and*, *or*, or *nor*. For example—adopt, amend, or withdraw.
- Use a comma before the conjunction in a compound sentence. For example—The Administrative Rules division prints the *Missouri Register*, and they print the *Code of State Regulations*.
- Use a comma after the year in complete dates (month, day, and year) within a sentence. For example—The amendment was in the June 15, 2008, issue of the *Missouri Register*.
- Do not use a comma before the ZIP Code. For example—Jefferson City, MO 65101.
- Do not use a comma between the month and year. For example—October 2008.
- Do not use a comma before abbreviations of compass directions. For example—6430 Princeton Dr. SW.

For more information about comma use, please consult the *GPO Style Manual* (<http://www.gpoaccess.gov/stylemanual/browse.html>), or contact the Administrative Rules Division at (573) 751-4015.
